

My dear Mr Pierre Danthony

Thank you for your nice mail which is really pleasing to read the matters. The hostel will be started on the 1st August. there are 30 students and we are making use of the kitchen equipments the steamer mainly. We are also cooking the food for the shanthi lumin children to keep the cost and maintenace easy. We have completed all your projects furnitures for the 1st to 3rd std. The borewell,two tanks,pipes,wiring motor for the children;s home etc. The water from the new borewell is really tasty and good water the teachers and children are very pleased to have such good water. The borewell is full of water that we can pump it 24 hours and still it wil not dry up. It is good news for us all. the photos are attached and you can see the progress that your charity made possible for the children. We are very grateful indeed for your kindness and I am sure that you are very proud of helping them.

When the hostel started I will send you all the pitures for you to see how it works.

We have two cows that the milk will be used for the children. lourdusamy is planted lots of veg. The second cow gave birth to a male calf. I also would like to send you the photos. Thank you Mr Pierre

REmain grateful

Maria
